GiveBack Program

MaineSource is committing to supporting non-profit organization with a variety of fundraising programs. The GiveBack program was launched to help charitable groups, churches, schools, and sports teams raise funds year-round without any start-up costs or a limit on earnings!

When your group signs up for the GiveBack program, each member is given a MaineSaver card which can be used for their personal use. The total purchases made by all members results in a 5% cash back reward – which is given twice a year. Just think how much money you can raise for your group if you all shop MaineSource! It's like a year-round fundraiser.
